Tickets and info: CoxScienceCenter.org/molecubar

THIS EVENT IS 21+ ONLY.

THE EVENT

“Molecubar”, an event BarWars LLC and the Cox Science Center & Aquarium have partnered together for the last several years has evolved to more and more each year as this year we welcome Braman Porsche of Palm Beach as a major contributor to the event and bringing 50 of their VIPs.

The annual event is a charity fundraiser for the Cox Science Center & Aquarium in November by showcasing VIP Molecular Mixology seminars that attendees learn hands on how to create Molecular cocktails for their families and friends over the upcoming holidays. We also showcase Molecular Mixology craft cocktail and Molecular Gastronomy stations that guests can learn and sample with their paid entry. This all culminates to the Molecular Mixology competition with local bartenders battling it out to showcase the partnered spirit and their original Molecular cocktail voted on by the public 8pm-9pm.

OUR SPONSOR
<https://durhamdistillery.com>

Introducing the newest Connipion Gin where science meets art in a delicious, modern gin with a beautiful indigo hue.

NATURE'S ART. CONNIPTION'S SCIENCE. KINDRED SPIRITS.

Connipion Kinship Gin starts with the vapor-distilled botanical base of juniper, indian coriander, cardamom, licorice root, angelica root and bitter orange.

Delicate botanicals of fresh orange and lemon peels, honeysuckle flowers and peeled, ripe cucumbers are distilled into "vodka" using our modern vacuum, cold distillation methods.

All are blended together before adding pure distilled and deionized water.

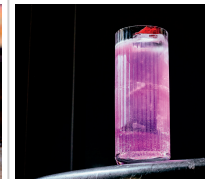

Lastly, butterfly pea flowers are all-naturally infused into the gin resulting in a beautiful indigo hue.

PRICING

SRP \$34.99 | 46% ALC/VOL

750ML | 6 COUNT CASE

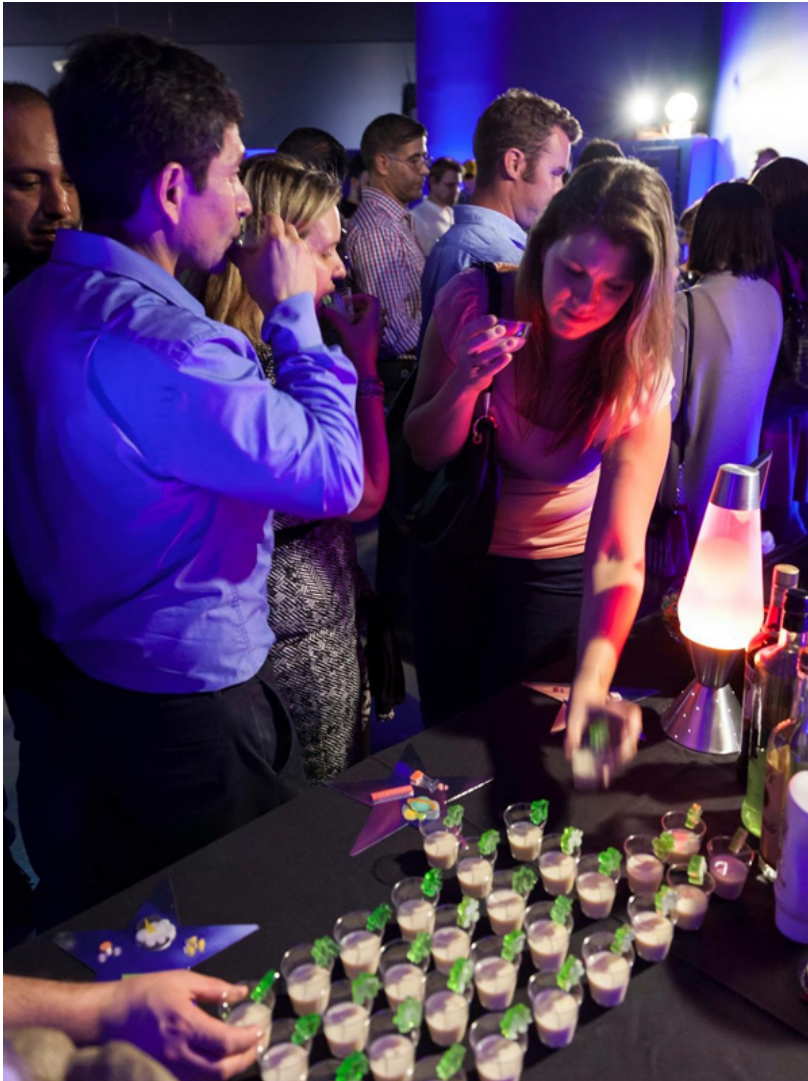

COCKTAILS

A work of art in themselves, cocktails with Connipion Kinship Gin shifts color from indigo to shades of blue and pink with citrus. Show-stopping for bartenders and home mixologists.

MOLECULAR MIXOLOGY COMPETITION

Local bartenders will battle it out to win the crowd's vote on their original Molecular Mixology cocktail showcasing your product as they educate and promote your product and their cocktail to all of the attendees.

Our Mixology Competition & Charity Event will take place Thursday November 17, 2022 from 6pm-10pm at the Cox Science Center & Aquarium. Join our local competitors as they will compete for the votes of the crowd with their own Molecular cocktails. The rules are simple...

ENTRY FEE: \$0

RULES

-Each cocktail must showcase at least one form from our Molecular Mixology categories...

Foam
Cavier
Pearl
Gel
Air

- You will be making one presentation cocktail for the judges and camera.

-Your presentation cocktail must contain 1oz of the sponsored spirit. [Connption Gin Kinship](#).

-There is no limit on ingredients after that. Make what ever you like! We want to see your creativity show!

-The rest of your samples for the crowd to vote on can be any portion you choose.

RUN OF SHOW

-Competitors may start to arrive as early at 4pm to setup their booth.

-Each competitor will be have their own 6 foot table to stage how ever they like.

-Each competitor is allowed 1 person to help with their booth during the judging time.

-Each competitor will receive 2 bottles of the sponsored spirit to use to make their cocktails for the crowd.

-Each competitor will receive 100 2oz plastic cups and ice for their crowd samples. All other ingredients are the responsibility of the competitor. Plan on batching at least 100 sample cocktails each. The more you batch the more chances you have of winning votes. There will be refrigeration on site if needed.

-It is the competitors task to win the votes of the crowd with their personality, station and original Molecular cocktail samples.

-During the voting process, the competitors will each have 5 minutes on stage to present their presentation cocktail where the competitors will teach the audience how they made their original Molecular cocktail and help convince the crowd to vote for them.

-Judging from the crowd will take place from 8pm-9pm.

-Each competitor will receive \$50 to help towards their cost for their ingredients.
